*I have to do a  
Program of Work ?!?*

PD Points - As a major objective of career and technical education, preparation for the professional world is critical. Most professions require ongoing job skill development and membership in professional organizations. To initiate such preparation, this program requires students to earn points demonstrating professional development. There are several ways to achieve the needed points.

- Skills USA activities and events
- Explorers and other related activities
- Reading professional journals
- Other applicable activities
- 10% of grade
- Only way to earn extra credit
