

Firefighting –Union City Fire Department has stepped up to volunteer. They have an awesome day planned for the students!

Competitions: The department will provide all equipment and tools required. **They did suggest that the student bring their own turn out gear.** The department will have 3 sizes available to use, but the fit might not be great.

1. Rapid dress – timed event, will include respiration equipment
2. Hydrant Connection - timed event, connecting hoses, connecting hoses to hydrants, problem solving hose issues, and using related tools
3. Knots – knowing knots used for specific work activities and tools
4. Written test covering first aid, CPR, and basic fire science
5. CPR – demonstrate infant, child, or adult under American Heart standards for Healthcare provider

This is our first year working with Union City and I hope all advisors and student competitors demonstrate how awesome and supportive SkillsUSA Georgia can be!
